

**REMARKS**

Claims 1-4 are pending. Claims 1 and 4 have been amended.

Claims 1-4 are allowable except for formal objections. The Office Action has suggested the following changes to overcome the formal objections:

Regarding claim 1, line 6, the Office Action has suggested amending the term "mounted" to "for mounting" to clarify that the subcombination and not the combination is being claimed. Claim 1 has been amended to incorporate this suggestion.

Regarding claims 1 and 4, the Office Action has objected to the placement of the abbreviation "PSC-I" in parentheses. To overcome this objection, the abbreviation has been amended in claims 1 and 4 to instead recite the full term "I-type prestressed concrete" throughout the claims. As the meaning of the limitation has not changed, this is not a narrowing amendment.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
